Bringing Connectivity to Your Community

OBAE Project Manager Eric Moores Will Lead Permitting Panel at the 2nd Annual NM Broadband Summit

OBAE Project Manager Eric Moores

OBAE Project Manager Eric Moores will be taking part in the 2024 New Mexico Broadband Summit. Moores will lead a panel on permitting.

The Summit will be held on **October 29** at the Isleta Resort and Casino.

Permitting and right-of-way processes are critical to accelerating fiber deployment in New Mexico. The panel will discuss the challenges and opportunities in navigating these processes, and how all can work together to streamline them for faster, more efficient broadband expansion across the state.

Moores will oversee the panel that includes members of the NM State and Land Office, Bureau of Land Management, NM Historic Preservation Division and NM Transportation Department.

Eric serves as a Broadband Project Manager at OBAE where he leads efforts to improve statewide broadband infrastructure, focusing on enhancing connectivity for unserved and underserved communities. He's a seasoned technology leader with extensive experience in IT and telecommunications, specializing in strategic planning, policy development, project management and operations.

Come to the Summit to learn about what's happening in the world of broadband here.

You'll have an opportunity to speak to Moores and members of the OBAE team!

The OBAE team will have a special table at the Summit.

Don't forget to register.

This is a **must-attend** event for every stakeholder involved in broadband in New Mexico!

The deadline to sign up for the big event is **Friday, October 25**.

The day-long event will include internet service providers, local, state and federal officials, state and federal lawmakers, broadband industry experts, business leaders, Tribal representatives, industry vendors, community decision-makers and others. The Summit will feature special panels and presentations, and experts will address New Mexico's broadband progress, successes, challenges and strategies, as the state continues its work to award hundreds of millions of dollars to help build broadband infrastructure.

The conference will also address state and federal funding, various grant programs and the application process. The event is an opportunity for groups and individuals to do some solid networking as all work toward expanding broadband throughout New Mexico.
