

## New Mexico and OBAE Welcome Fiber Broadband Association

New Mexico Office of Broadband Access & Expansion sent this bulletin at 11/06/2024 10:05 AM MST

Bringing Connectivity to Your Community

### National Fiber Broadband Association Comes to Albuquerque

#### OBAE Acting Director to Speak at Fiber Broadband Association's 2024 Regional Fiber Connect Workshop Series

Tomorrow the Fiber Broadband Association's 2024 Regional Fiber Connect Workshop Series will make a stop in Albuquerque.

The Association's mission is to accelerate the deployment of fiber broadband networks to ensure digital equity and enable every community to leverage economic and societal benefits that only fiber can deliver.

The Albuquerque event is designed to bring together broadband industry professionals and other stakeholders to discuss and share the best ways to deploy fiber broadband. The workshop will include panels and educational sessions, covering topics such as emerging trends, innovative technologies, and regulatory considerations.

**OBAE Acting Director Drew Lovelace** will take part in a panel. Lovelace will discuss how fiber has played a key role in New Mexico as the state continues to help deploy broadband across the state. Lovelace will also address the various projects and programs that are underway across New Mexico.

**Godfrey Enjady** will also serve on a panel at the conference. He's the General Manager and Founder of the Mescalero Apache Telecom, Inc. Godfrey is a driven innovator who brings a unique perspective to his advocacy for tribal communities, championing their rights and ensuring their voices are heard.

New Mexico and OBAE welcome FBA to Albuquerque. The event will provide meaningful collaboration among stakeholders and others and will serve as an excellent networking opportunity.
