Bringing Connectivity to Your Community

OBAE Helps Clean Up Santa Fe in State Beautification Effort

State workers at the Office of Broadband Access and Expansion (OBAE) and the Department of Information Technology (DOIT) connected this morning to help pick up trash together around Santa Fe.

Today's "Cleanup Day" was part of Gov. Lujan Grisham's state beautification campaign, a statewide initiative from the Governor's Office designed to keep New Mexico clean and beautiful.

Employees at OBAE and DOIT were all armed with trash bags and spent a couple of morning hours picking up garbage along railroad tracks and streets.

If you have questions about any of these opportunities, please contact us via email at Broadband@doit.nm.gov.

You are receiving this email due to your participation in a past broadband event, or your interest in the importance of connectivity for your organization or the communities you serve. You can unsubscribe below.
