## OBAE Announces Grant Writing, Engineering, and

## Planning Grant (GWEP)

The Office of Broadband Access and Expansion (OBAE) is pleased to announce the Grant Writing, Engineering, and Planning (GWEP) Grant, aimed at providing crucial financial assistance to Tribal governments and local governmental units. This grant is designed to support the procurement of grant writing, engineering, and planning services. These services will aid in identifying community broadband needs and facilitate the application process for various funding sources dedicated to broadband-related projects.

**Who Can Apply?** Tribal governments and local governmental units, including federal government entities, state governments, local/municipal governments, and public or municipal organizations that are government-owned and operated, as well as units of a state university system, are eligible to apply for the GWEP Grant.

*Please note: Rulemaking is currently underway to extend this opportunity to rural telephone cooperatives and rural electric cooperatives. Further announcements will be made once these entities become eligible.*

**Funding Details:** The maximum grant award is \$100,000. Grant funds are limited, and the application process will remain open until all funds are obligated. Matching funds are not required, making this an accessible funding opportunity for eligible applicants.

## Apply for the Tribal Libraries Pilot Program

USAC and the FCC are now accepting applications to participate in the Tribal Libraries

Pilot Program.

To [apply](#) for the Tribal Libraries Pilot Program, libraries must complete a brief questionnaire detailing information about your library, your IT needs, and your readiness to participate in the E-Rate program.

Please note that participating in the Tribal Libraries Pilot Program will provide your library with training and support to apply for E-Rate funding. Your library will still have to complete the E-Rate application process.

Based on last year's Pilot Program, libraries that were most successful in applying for E-Rate funding had support and participation from Tribal leadership, library leadership, and IT leadership. We encourage interested libraries to engage those groups when applying for the Tribal Libraries Pilot Program.

Click [here](#) for more information.

**Need Help?** If you have questions about the Tribal Libraries Pilot Program or the E-Rate program, please contact USAC at [TribalTraining@usac.org](mailto:TribalTraining@usac.org).

**NTTA Tribal Broadband Summit**

**April 8-10, 2024**

**Save the Date!** Wild Horse Pass Hotel and Casino, Gila River Indian Community, Chandler, AZ.

The purpose of [National Tribal Telecommunications Association \(NTTA\)](#) is to provide a forum for tribally owned companies and those who work in the telecommunications industry, to share knowledge and opportunities, discuss effects of regulation and address issues affecting tribal telcos and customers on tribal lands.

Our mission is to be the national advocate for telecommunications service on behalf of its member telephone companies and to provide guidance and assistance to members who are working to providing modern telecommunications services to tribal lands.

## Connect New Mexico Tribal Broadband Resource Library

The Tribal Broadband Resource Library is a collaborative project between the New Mexico Indian Affairs Department (IAD) and the New Mexico Office of Broadband Access & Expansion (OBAE).

Supported by the Tribal Broadband Task Force, it demonstrates New Mexico's dedication to enhancing Tribal connectivity through infrastructure development, adoption programs, and effective digital resource utilization.

The Office of Broadband Access and Expansion is committed to providing dependable, affordable, and equitable Internet access to all 23 sovereign Pueblos, Tribes, and Nations while respecting their unique needs and cultural diversity.

The webpage serves as a comprehensive resource center tailored for Tribal entities. It offers valuable information, including federal and state funding statistics, workforce development resources, and funding opportunities for connectivity initiatives.
