

READY TO BUILD A CAREER IN FIBER & BROADBAND?

GET TRAINED. GET CERTIFIED. GET AHEAD.

The **New Mexico Office of Broadband Access & Expansion (OBAE)** is partnering with **BICSI (Building Industry Consulting Services International)** to build New Mexico's broadband workforce through hands-on, industry-recognized training and certification.

COURSE DESCRIPTION: BICSI INSTALLER 1 (INST1)

Is a **hands-on/application-focused** course providing **entry-level installers** with the background knowledge and skills needed to function safely and effectively on the job and in accordance with the requirements, recommendations, and best practices outlined in the 8th edition of the **Information Technology Systems Installation Methods Manual (ITSIMM)**. It is the introductory course in the Installation program.

BICSI provides the book with the class. No prior experience required.
